# BESAFE WITH VIP

## VIP - the solution provider

VIP Coatings is a leading solution provider of high performance surface protection systems.

Our integrated system approach includes:

- Substrate repair and preparation products
- Priming and pre-treatment systems
- High performance coatings & linings
- Superior aesthetic finishes
- Project management & technical services

## More than just a product

VIP Coatings provides more than just products. We have a highly skilled and experienced technical services team and provide superior long-term solutions for industrial flooring, roofing & waterproofing applications.

- Design live advice
- Application advice and training services
- Equipment advice and sales
- On-site applicator supervision / support
- Quality control and inspection services
- Continuous technical support

## VIP's Elastomeric Coatings Technology

- Spray Applied as a seamless membrane – no joints or welds
- Can be built to any thickness in one application
- Instant curing, rapid return to use – less downtime, saves customer money
- Very high impact resistance
- Excellent abrasion and chemical resistance
- Remains flexible over a very wide range of temperatures
- Excellent adhesion to a large variety of substrates (concrete, foam, wood, steel, etc.)
- Solvent free and VOC free

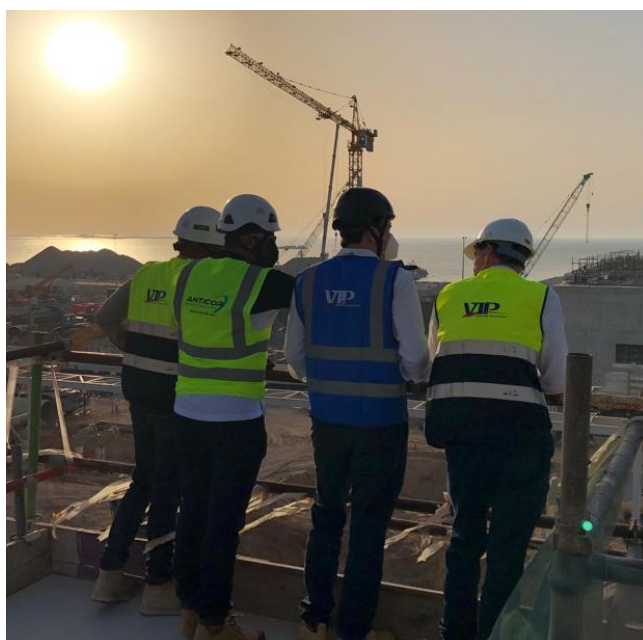

## Be Safe

- Leading R&D teams - committed to innovation
- International approvals, specifications and 3rd party lab testing
- Training & workshops - technical excellence
- Approved applicator network
- ISO certified quality control and management systems
- Global track record
- Global presence - local availability
- Specification services & project management
- Technical services, quality control and supervision
- Complete integrated system solution provider

## Turnkey Solution

Businesses need solutions today for the problems they will face tomorrow. Asset rehabilitation and long term asset protection is an investment that if chosen correctly will pay for itself many times over in the future. VIP's technically advanced surface protection solutions not only offer faster turnaround times in almost any climatic condition but also longer life expectancy than most traditional systems. With a VIP solution you can have the best of both worlds = extreme physical protection and super fast turnaround times. Save money up front and save money over the long term. That is a VIP surface protection solution!

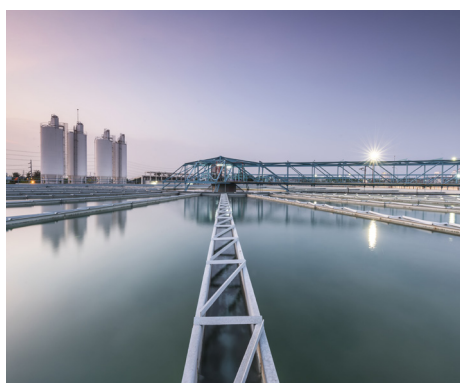

# TURNKEY SOLUTIONS

## LEISURELINE

### Lagoons & Waterparks lining systems

LeisureLine brings together the proven physical and application advantages of VIP's spray applied, instant curing flexible industrial lining system with the aesthetic requirements of decorative pool and lagoon features.

## LIQUISHIELD

### Fluid containment & lining systems

Designed to meet the growing demand from consulting engineers for complete system solutions as opposed to products the LiquiShield system makes it easy to specify a complete liquid containment solution from one manufacturer. The LiquiShield range covers primary and secondary containment of chemical liquids and abrasive slurries through to potable water.

## VIPSHIELD

### Combo-Protect systems

VIPShield eliminates the need for thick concrete screeds and can be applied directly to the construction concrete or directly to steel roofing structures improving installation times and reducing costs. VIPShield provides secure long-term waterproofing and improved energy efficiency with a low lifecycle cost and is maintenance free.

## **CLEANCOAT**

### **Clean & hygienic coating systems for food & pharma**

CleanCoat is a seamless and hot spray applied protective coating for walls and ceilings in slaughterhouses, cold rooms and food warehouses. It is easy to clean, aesthetic, durable and time-saving.

## **QUICKDECK**

### **Car park decking systems**

The QuickDeck car park decking system combines the speed, flexibility and strength of VIP's proven high performance elastomeric linings with the safety of R10 and R12 skid resistance surfaces.

# SYSTEM OVERVIEW

| Systems     | Segments | INDUSTRIAL FLOORING | WATERPROOFING | ROOFING | TURNKEY SOLUTION |
|-------------|----------|---------------------|---------------|---------|------------------|
| CLEANCOAT   |          | ●                   |               |         | ●                |
| QUICKDECK   |          | ●                   | ●             |         | ●                |
| VIPSHIELD   |          |                     | ●             | ●       | ●                |
| LIQUISHIELD |          |                     | ●             |         | ●                |
| LEISURELINE |          |                     | ●             |         | ●                |
|             |          |                     |               |         |                  |
